

WARMRACK RANGE OF TOWEL RADIATORS

The AEL range of WARMRACK radiators are designed and Manufactured in Italy.

Each Warmrack towel warmer is a very attractive feature when in the closed position and when each integral rack is pulled down into the open position each Warmrack radiator also provides a capacious and functional airing or drying rack which also provides plenty of heat to warm your bathroom or kitchen area.

Warmrack radiators are available in 12 heights and 7 different unique styles providing the option of having up to pulled down 4 shelves.
